

Cat & Kitten Boarding

The Cat Practice provides comfortable on-site boarding of cats and kittens. Whether you are on a lengthy vacation, weekend getaway or want to get a few things done around the house, your cat or kitten will be well taken care of and get plenty of attention in our quiet **CATS-ONLY environment!**

Cats and kittens staying at The Cat Practice are looked after by our veterinarians and veterinary technicians. During their stay, all cats are provided with their regular foods, favorite types of toys and plenty of interaction. We are also happy to administer any necessary medications at a slight additional charge. **[Help us make your cat's or kitty's stay as enjoyable as possible and care-free for you! Please complete and return the accompanying Boarding Information Form at least TWO DAYS PRIOR to your cat's stay at The Cat Practice.](#)**

Thank you!

IMPORTANT NOTE:

We take every precaution to maintain a germ-free environment and disinfect our boarding areas. See how The Cat Practice takes every possible measure to keep your cat healthy and safe at www.thecatpracticepc.com/boarding.html. Please let us know if your pet is experiencing any symptoms so that we can make special boarding arrangements. Thank you for helping us guard against the transmission of airborne illnesses and viruses. – **The Cat Practice**

PREPARING FOR YOUR CAT'S STAY:

1. Please watch for any changes in your cat's health or behavior before your visit.
2. Check our list of *Provided Cat Foods* at www.thecatpracticepc.com/boarding.html. If you do NOT see your cat's food, please bring enough for your cat's stay. If your cat's food IS on the list, we'll provide it!
3. Please leave your cat's toys and bedding at home as these will be provided!

WHILE YOU'RE GONE:

We make it easy for you to check on your pet while you are gone. Just send us an email at meowmail@thecatpracticepc.com and we'll respond quickly to let you know how your cat or kitty is doing. Or you can always call us at 248-540-3390.

WHEN YOU GET HOME:

Since your cat or kitten has been away from you, it's a good idea to make sure he or she gets back into a regular routine once you return. Watch your pet carefully and contact The Cat Practice if you notice any of the following:

Change in appetite	Sneezing/coughing	Change in litter habits
Behavioral changes	Vomiting / diarrhea
