

## Crunchy Cat Treats

Ingredients:

7 oz. can of tuna in vegetable oil

3/4 cup rye flour (normal whole meal flour is fine)

1 Tbsp. chopped fresh parsley

Water

1. Preheat oven to 350°.
2. Mix tuna, rye and parsley together well, breaking up tuna pieces so they are soft and mushy.
3. Add water gradually – enough to make a firm dough that is easy to mould into a small shape.
4. Roll a one teaspoon-sized amount of the dough between your palms, creating a small round ball. Flatten the ball so it becomes disc-shaped.
5. Repeat the process until all mixture is used, placing each disc onto a lightly greased cookie sheet.
6. Bake at 350° for 20 minutes, or until golden brown.
7. Turn oven off, but leave the cookie sheet in the oven until the oven has completely cooled. (This will help to dry out the biscuits further so they keep longer.)
8. When biscuits have cooled completely, they are ready to give your pet as a treat or addition to everyday food.

Store treats in an air-tight container
